# Week 3 - Due this week

## Optional Reading

**Harrington Chapters 5** - This chapter goes over the way to represent various relationships in table form rather than in an ER diagram. This is typically the most challenge part of converting to a schema from an ER diagram.

As you would know the book is available for free online and a link to it is available in **the Syllabus. (https://oregonstate.instructure.com/courses/1727186/assignments/syllabus)**

## Quiz

**Quiz 3: Using ERD & Schema (https://oregonstate.instructure.com/courses/1727186/quizzes/2469279)**

## Project Step 2 Draft and Group Review
